

Title: Clinical Trial Associate

ABOUT THE COMPANY

At QurAlis, we are neuro pioneers on a quest to cure. We work with a relentless pursuit of knowledge, a precise attention to craft, and an optimistic mindset to discover and develop effective precision medicines that will alter the trajectory of amyotrophic lateral sclerosis (ALS), frontotemporal dementia (FTD), and other neurodegenerative diseases. Founded by an internationally recognized team of neurodegenerative biologists from Harvard Medical School and Harvard University, QurAlis is a clinical-stage biotechnology company advancing a pipeline with therapeutic candidates that target specific components of ALS and FTD pathology and defined patient populations based on both disease-causing genetic mutation(s) and clinical biomarkers.

SUMMARY OF POSITION

Based in QurAlis' European headquarters in The Netherlands, the Clinical Trial Associate (CTA) will play a pivotal role in supporting QurAlis' Clinical Operations team in managing trials from start-up to close-out.

Primary Job Responsibilities:

- Help manage all phases of clinical trials, ensuring compliance and accuracy.
- Organize, track, and archive essential study documents and clinical systems.
- Ensure clinical studies are documented accurately and maintained.
- Manage the tracking and distribution of trial supplies and materials.
- Manage and organize project communications and team meetings.
- Help monitor vendors and participate in site visits.

Primary Job Requirements:

- BS/BA in Life Sciences (or related field)
- 1-2 years clinical research experience (biotech/pharma preferred)
- Strong organizational, communication, and computer skills (Microsoft Office)

Please send resume with a short cover letter to esther.crenauiterwijk@quralis.com.
